**Petition to Withdraw Holding of Abandonment**  
**Under 37 CFR 1.181(a)**

1. The Applicants petition that the abandonment of the above-referenced application be withdrawn.

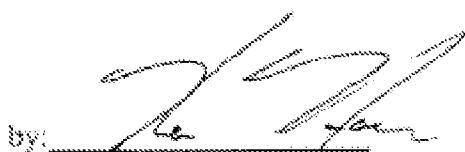

2. Submitted herewith is:

- a) a copy of a docket report for the above-referenced application taken on 5 September 2006.
- b) a response to the Office Action mailed 2/3/2006.

3. The Office communication of 2/3/2006 was not received by me. A search of the file jacket and docket records for this application also showed that the communication of 2/3/2006 was not received.

4. As stated in MPEP 711.03(c) I, where an applicant contends that the application is not in fact abandoned, a petition under 37 CFR 1.181(a) requesting withdrawal of abandonment is the appropriate course of action, and such petition does not require a fee. As decided in *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971), an allegation that an Office action was never received may be considered in a petition to withdraw the holding of abandonment. To minimize costs and burdens to practitioners and the Office, the Office has modified the showing required to establish non-receipt of an Office action. The showing required to establish non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicate that the Office communication was not received. These have been provided. As such, please withdraw the holding of abandonment.

Respectfully Submitted,  
MESSERGES ET AL.
